BRASS BURNER DELIVERS PERFECT RESULT

Brass burners of MEX V2732M hob retain heat more efficiently, spread heat more evenly resulting in a more optimal cooking end result. In addition, they are less likely to corrode and stain with time, meaning that they exhibit durability.

ELEGANT BLACK TEMPERED GLASS DESIGN

Black tempered glass offers an elegant look to your kitchen. Disintegration into small granular chunks of tempered glass is harmless for the use of a gas hob. It is much stronger and safer than ordinary glass when it is broken.

4.5 KW. DOUBLE RING-BURNER MAKES FASTER COOKING

The double ring-brass burners combine the unique flame cooking and the powerful 4.5 kW. burner make cooking faster and more convenient for a variety of cooking menus, especially for Thai foods even in large quantities.

SLEEK EASY-TO-TURN CONTROL KNOBS

Easy-to-turn knobs specially designed to control the flame easily in a row at the front of the hob. This V2732M specially offers 230 degrees of flame level controlling to fit all your cooking menus.
